Capital Group funds are offered in Canada by Capital International Asset Management (Canada), Inc., part of Capital Group, a global investment management firm originating in Los Angeles, California in 1931. Capital Group manages equity assets through three investment groups. These groups make investment and proxy voting decisions independently. Fixed income investment professionals provide fixed income research and investment management across the Capital organization; however, for securities with equity characteristics, they act solely on behalf of one of the three equity investment groups.
