

## Does your fixed income portfolio need an extreme makeover?

The fixed income market is evolving to provide more tools for customized portfolio allocations to meet investors' specific needs. New highs for interest rates and a wider range of opportunities have revolutionized the role of fixed income for pension plans beyond just risk reduction.

Today's fixed income can do more. We can help adapt your portfolio to this new reality.

- Delivering returns competitive with return-seeking assets
- Targeting varied duration exposures
- Improving diversification of credit
- Providing stable income
